Fads come and go. Yet CRESTIAL
remains contemporary and stylish.
It is the essence of our brand:

TIMELESS

BRAND INTRODUCTION

MARKET POTENTIAL

As lifestyle evolves and discerning tastes shape the future of luxury living, the traditional bathroom and accessories have changed and CRESTIAL stands at the intersection of innovation and design to cater to the growing presence of international hotel brands and property development.

AN INTERNATIONAL BRAND

A Singapore brand with international appeal and a distinguished German heritage, CRESTIAL is poised to make a difference with its trend setting designs and consistent durable quality in the future of Lifestyle, Home Décor and Design, Buildings and Home Supplies.

BRAND FOUNDER: PETER KLAUS HOFFMANN

BRAND ORIGIN: SINGAPORE

BACKED BY EXPERTISE

The founding team of SUM International Pte Ltd who owns the CRESTIAL trademark, has more than 40 years track record in the faucet industry and the reputation for growing brands by leveraging industry knowledge, experience and professional support to drive CRESTIAL's success.

The CRESTIAL trademark is proudly registered in multiple countries, ensuring global recognition and trust.

BRAND PRESENCE

We have grown since 2000. CRESTIAL has presence in:

- Cambodia
- Germany
- India
- Indonesia
- Japan
- Malaysia
- Maldives
- New Zealand
- Philippines
- Qatar
- Saudi Arabia
- Singapore
- South Africa
- South Korea
- UAE
- Vietnam

BRAND PERSONALITY

CRESTIAL®
Wasser Musik

SINCERE
Conduct based on sincerity
and a sense of propriety

UNDERSTATED
Quietly confident without trying to
attract attention or over promise

MINDFUL
Attentive and mindful
of customers needs

BRAND PROMISE

Here's how our customers define the CRESTIAL brand promise:

STYLE

"CRESTIAL provides minimalist style comparable in appeal to big brands and is distinct as a leader in the area of design"

PERFORMANCE

"CRESTIAL allows users to enjoy confidence in a good product and great customer satisfaction"

VALUE

"CRESTIAL is much more than a brand – they describe it as a friend who is always willing to go the extra mile"

BRAND FEATURES

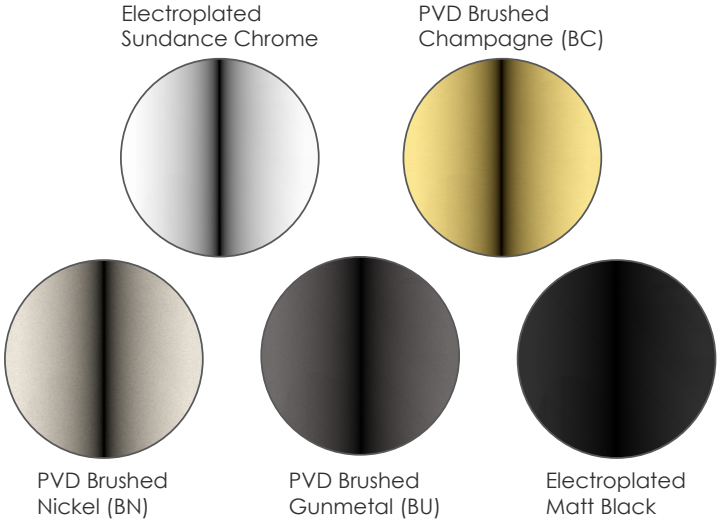

CRESTIAL WASSER MUSIK
"Low decibels" no noise intrusion faucets.
The pure sound of water music.

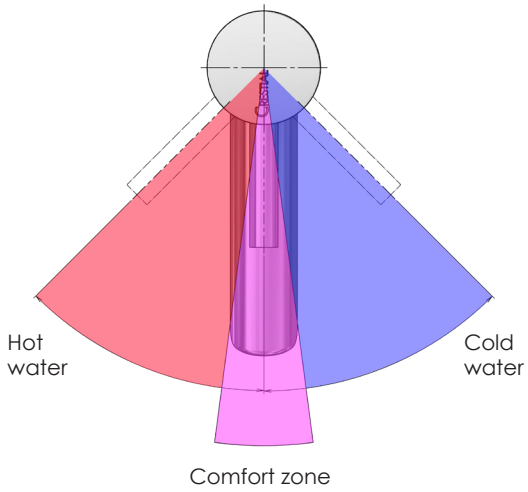

CRESTIAL EASY INSTALLATION
With a minimum amount of parts and no special tools needed. CRESTIAL mixers allow for quick, first-time right no-fuss installation.

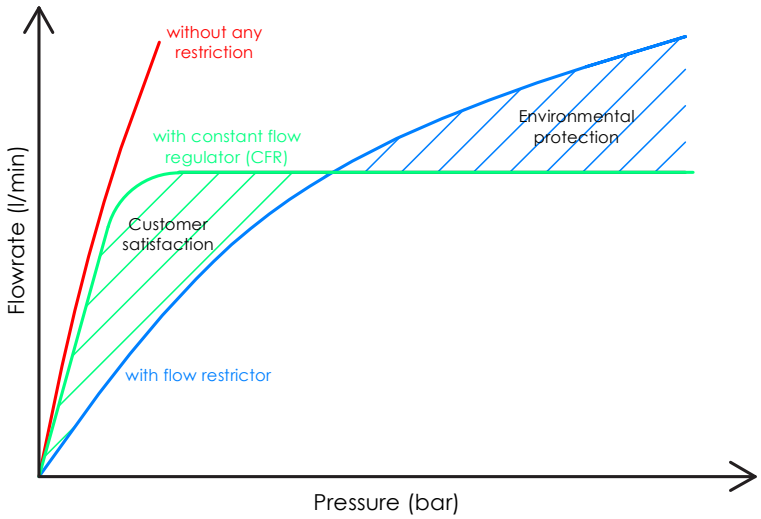

CRESTIAL SUNDANCE SURFACE FINISHES
are brilliant and durable. Built on substrata of perfectly smooth surface. Chrome/black electroplated or PVD colours applied on protective nickel for a lasting surface finish.

CRESTIAL MIXERS - VELVET TO THE TOUCH
Smooth, light to the touch adjustment of water temperature and flow volume. Wide comfort zone for temperature. Guaranteed by long life (tested to 500, 000 cycles) low friction ceramic disc.

CRESTIAL ENVIRON PRO
Faucets and showers are designed to minimize water and energy consumption. Achieved by using water saving device like constant flow regulators (CFRs).

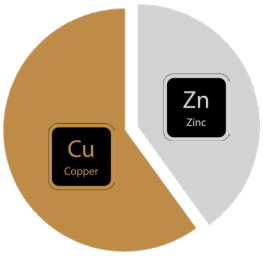

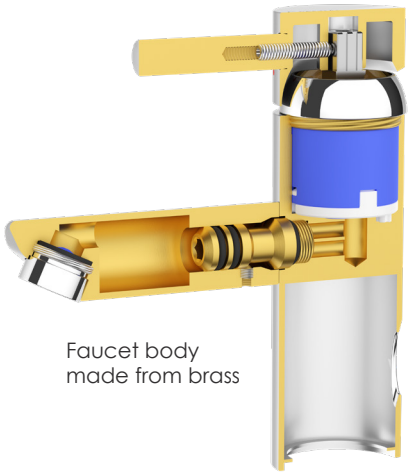

CRESTIAL VITA SHOWERS
Infinite spray options, from massaging to wide spray, to fine mist. Think of a friendly drizzle up to a real cool shower downpour.

BRAND FEATURES

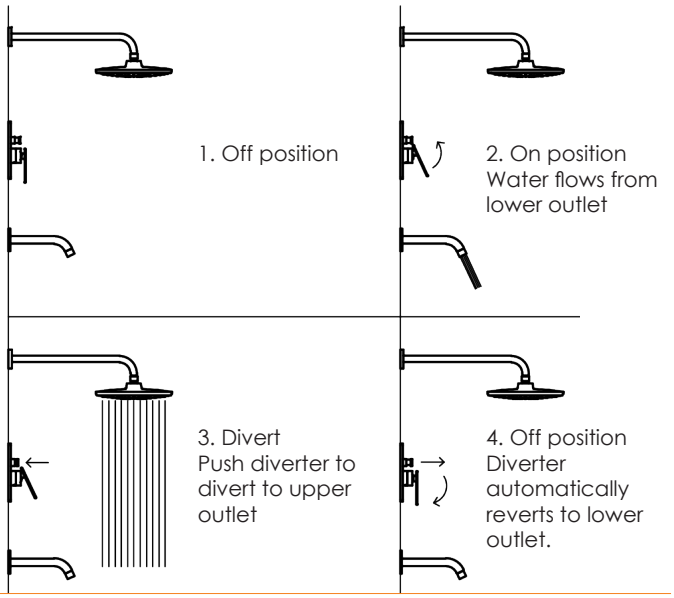

QUALITY MATERIAL
Produced with high quality materials. The bodies of the faucets are made with brass alloy with ~60% copper and ~40% zinc for stronger and non-porous brass

Faucet body made from brass

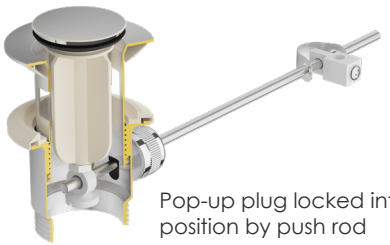

AUTO DIVERTER
Ideal for hospitality industry, perfect for guests unfamiliar with bathroom mixers.
• Automatically resets to default (lower outlet) when turned off
• Water flows from the lower outlet for the next user -no surprises!

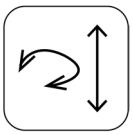

ANTI VANDAL
Aerators and pop-up waste plugs are safe from casual vandalism. Removal of these items are difficult without proper tools.

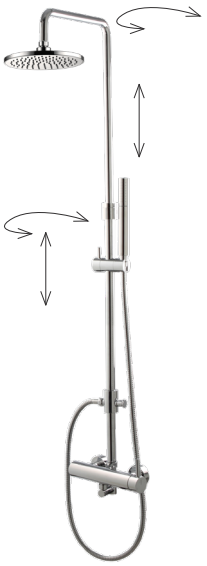

Special tool to remove aerator

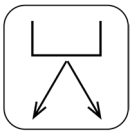

Pop-up plug locked into position by push rod

ADJUSTABLE SHOWER RAIL
Exposed shower set with adjustable height and orientation for both the headshower and handshower even after installation.

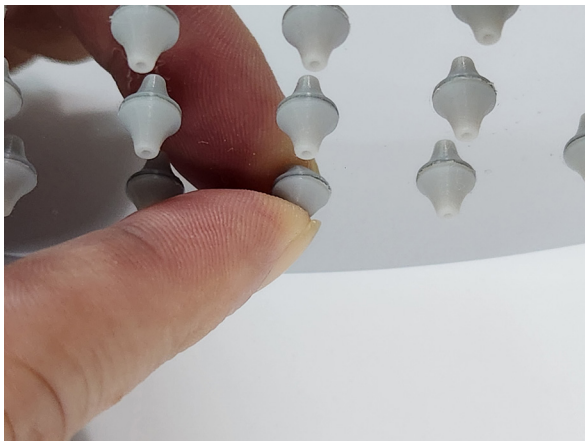

ADJUSTABLE AERATOR
Basin mixers with adjustable flow angles to suit your comfort and needs. Available on selected series.

EASYCLEAN NOZZLE
EasyClean nozzles allow the easy removal of limescale deposits by simply rubbing the nozzles. Self-cleaning anti-limescale showers are ideal for areas with hard water.

BRAND ASSURANCE

APPROVALS

At CRESTIAL, we are committed to environmental sustainability, combining exceptional performance with a steadfast dedication to excellence. With a deep respect for water as a precious resource, our products are thoughtfully engineered to deliver outstanding functionality while promoting water conservation in everyday use.

Our design philosophy is rooted in sustainability, a commitment reflected in certifications from respected programs such as the Korea Eco-Label and the Singapore Water Efficiency Labelling Scheme (WELS), administered by Singapore's national water agency, PUB.

The WELS program rigorously assesses product water efficiency, ensuring compliance with specified flow rate standards and guidelines set by PUB (www.pub.gov.sg/Public/WaterLoop/Water-Conservation/WELS)

TYPE OF APPROVALS OBTAINED

CRESTIAL products are tested / certified by TÜV-SÜD-PSB lab and conform to the following standards:

BS EN 817 - Mechanical Characteristics
CRESTIAL products embody the virtue of performance.
Pass and surpass torsion, strength, leak tightness and endurance tests.

BS EN 248 - Corrosion Resistance Test
CRESTIAL SUNDANCE CHROME is brilliant and durable. Pass 200 hours of NSS test with no signs of degradation.

BS 6920 - Non-Metallic Materials Effect on Water Test

AS/NZS 4020 - Metal Toxicity Test
CRESTIAL uses quality material and components. Parts in contact with water conform to the World Health Organization guidelines for drinking water quality.

AZ/NZS 3662 - Shower Performance (Flow Rate Requirements for Water Efficiency Labelling)
BS EN 817 - Hydraulic Characteristics (Flow Rate Requirements for Water Efficiency Labelling)
CRESTIAL products are ENVIRON PRO. Achieved by meticulous design and application of constant flow regulation technology employed in most mixers and showers.

LINE COLLECTION

The Line Collection redefines modern elegance with its distinctive pairing of cylindrical bodies and rectangular spouts, creating a striking, minimalist aesthetic. The collection's handles feature a refined cross-hatched accent that not only enhances grip—even with soapy hands—but also serves as a bold design statement. This signature accent is available in a selection of sophisticated finishes, Sundance Chrome, Matt Black, and Brushed Rose Gold, allowing for a personalized touch to complement any space.

Expertly crafted for outstanding performance, the Line Collection embodies precision engineering and superior functionality. Each piece is a testament to our commitment to quality and innovation, blending modern minimalism with exceptional craftsmanship to create a collection that is as beautiful as it is reliable.

To add accents to the bathroom with the pure geometrical form, there are options for the mixer colour finishes - brilliant Sundance chrome or matt black plated, and complete the look of with handles that are fully chrome, fully matt black or bi-colour combination of chrome/matt black, or chrome/PVD rose gold cross hatched accent or matt black / PVD rose gold cross hatched accent.

SERIES **DIAMANT**

Redefine minimalist luxury with the Diamant Series — where sleek design meets thoughtful innovation. With elegantly sculpted handles adorned in refined diamond-patterned textures, each piece brings a subtle yet striking sophistication to the modern bathroom.

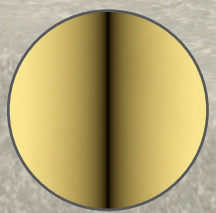

Designed with both beauty and sustainability in mind, the Diamant Series features a slender profile created by seamlessly merging two slim tubes into one graceful spout. This innovative construction not only reduces material usage but also controls the water flow, blending water and air to create a soft, luxurious flow while promoting water conservation.

Available in lustrous electroplated Sundance chrome, matt black, and an array of contemporary finishes perfected through cutting-edge PVD technology, the Diamant Series offers versatile elegance for every style.

SERIES **KLAUS²**

Modern design meets effortless performance with the Series Klaus² — where ergonomic innovation and striking form come together to create a faucet unlike any other.

Defined by the bold interplay of rectangular and cylindrical elements, Klaus² delivers a distinctive 3-dimensional aesthetic that commands attention while feeling intuitive to use.

At the heart of this collection is a smooth, flat handle, paired with an exclusive sphere-and-spring mechanism. This thoughtful innovation prevents water seepage, preserving the faucet's pristine condition over time.

The Klaus² Series is a complete solution — combining bold style, advanced functionality, and lasting value — proudly embodying the CRESTIAL hallmarks of STYLE • PERFORMANCE • VALUE.

SERIES EINS+

Celebrate the beauty of pure precision with the Series Eins+ — the very first collection born from CRESTIAL's vision, where German engineering meets contemporary minimalist design. Named after the German word for "one," Eins+ stands as a symbol of our unwavering commitment to innovation, craftsmanship, and excellence.

Minimalist yet profoundly modern, Eins+ mixers offer a clean, refined aesthetic designed with user experience at the forefront. Solid brass lever handles provide an elegant, tactile feel, while the solid brass body and spout are meticulously machined to eliminate excess material — creating a flawless, uninterrupted silhouette without unnecessary curves.

Series Eins+ represents the pinnacle of minimalist sophistication, where cutting-edge engineering, thoughtful design, and lasting quality come together in perfect harmony.

SERIES LINK

Introducing the LiNK Series — where efficiency meets understated beauty. Designed with a sleek, compact profile, LiNK faucets effortlessly combine flawless simplicity with timeless sophistication, creating a refined look that enhances any modern bathroom.

A standout feature of the LiNK exposed bath shower mixer is its innovative swiveling spout, which discreetly swivels away when not in use, enhancing both functionality and aesthetic appeal. This clever design ensures a clutter-free space while maintaining the elegance of the mixer.

Crafted from high-purity raw materials and premium mechanical components, the LiNK Series upholds CRESTIAL's rigorous standards of quality, durability, and eco-consciousness — making it the perfect choice for those who value performance and sustainability in equal measure.

SHOWER RAIL ASSEMBLY

Redefine your shower experience with CRESTIAL's versatile Shower Rail Assembly sets — offering a range of customizable handshower and headshower combinations to suit your personal style and needs. Designed for seamless integration, these sets can be paired effortlessly with any CRESTIAL exposed mixers or concealed shower mixers with wall union.

Our premium brass shower rail is crafted for flexibility, convenience, and lasting performance, featuring:

- A height-adjustable shower arm — easily repositioned even after installation, with a swivel function for perfect placement.
- An adjustable handshower holder — ensuring effortless accessibility and comfort during every use.
- An automatic diverter — intuitively resetting to its original position when the mixer is turned off, guaranteeing a smooth and surprise-free shower experience for the next user.

SERIES **TRITONE**

Timeless elegance, reimagined. The Tritone Series is a modern revival of the classic cross-handle faucet, featuring distinctive three-prong handles that blend traditional charm with contemporary sophistication.

Crafted for effortless performance, each Tritone faucet is equipped with precision-engineered brass ceramic headparts, meticulously made in Germany. Enjoy smooth, quarter-turn operation for optimal water control — designed for a lifetime of easy, reliable use.

Defined by clean lines and minimalist styling, the Tritone Series perfectly bridges traditional design and modern functionality, making it the ideal choice for homeowners who appreciate classic beauty without compromising on everyday performance.

SERIES **VITA**

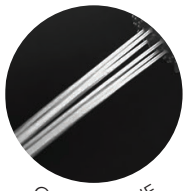

Recharge your senses with the Vita Series — showers designed to invigorate, revitalize, and elevate your daily ritual.
Vita headshowers and handshowers unleash an exhilarating range of spray patterns — from powerful massage jets to ultra-fine mist, wide sprays, champagne-like bubbles, and beyond — creating a personalized spa-like experience in your own home.
Experience the magic of the misty spray: ultra-fine droplets combine with air at high velocity, creating a refreshing cooling effect perfect for post-workout recovery or simply restoring your body to comfort on a warm day.
Engineered for convenience, most Vita showers feature EasyClean nozzles, allowing you to easily remove mineral build-up with a gentle rub - keeping your shower performing at its best.
For added efficiency, Vita showers can also be fitted with a Constant Flow Regulator (CFR), helping you reduce / save water while maintaining the perfect flow rate.

C28560 / BC / BN / BU / K
Headshower
Brass, Ø250x9mm

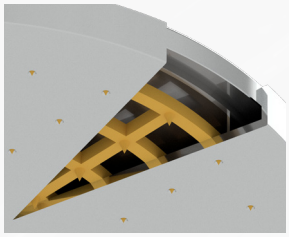

C28536
Headshower
Air Dynamics,
Ø200x11mm

Air Dynamics - luxurious sprays and yet conserve water through the Air + Water technology. When air is sucked into the jet mechanism, and combines with water, the water droplets become voluminous and bubbly. Means effectively less water is being used.

Anti-limescale feature
Nozzles self clean everytime water is turned off.

C28534
Headshower
Self cleaning (anti-limescale)
Ø224x13mm
This headshower comes with the mechanism that automatically cleans the nozzles each time you turn off the water, thus preventing the build up of lime scale.

Kitchen collection

Elevate your kitchen experience with CRESTIAL's premium collection of sink mixers, where sleek design meets everyday performance. Thoughtfully crafted to complement any kitchen theme, our mixers make washing, cleaning and food prep effortlessly.

Featuring a sophisticated 360° swivel spout and an extractable dual-function spray, our signature sink mixer offers enhanced reach and flexibility, perfect for dynamic kitchen tasks.

As an added feature, it can also be island-mounted, bringing professional-grade functionality to your kitchen.

Functionally designed and paired with high swivel spouts, CRESTIAL sink mixers make filling buckets, washing large cookware and handling double-bowl sinks effortless.

Choose the perfect finish to match your style — from luxurious PVD brushed tones, brilliant Sundance chrome, to timeless matte black — and transform your kitchen into a space where design and performance work in perfect harmony.
